

Crafting Tomorrow's Architectural Solutions
with Today's Artisanal Excellence

Avira collection

Innovation Through Craft

Redefining Interior Architecture
Through Expert Craftsmanship
and Innovation

About us

Avira collection

*Beyond Louvers -
We Create Poetry in Motion for Modern Architecture*

ESTELLA DECOR is where passion meets precision in the world of premium louvers. We are creative artisans and technical innovators dedicated to transforming ordinary spaces into extraordinary experiences through expertly crafted angled panels.

With an unwavering commitment to quality and design excellence, we bring together functionality and beauty to create louver solutions that don't just enhance interiors – they redefine them.

www.estelladecor.in

120X
2440MM

This represents the perfect fusion of contemporary design and superior functionality. Engineered with precision-cut and premium finishing.

Louver Delivers Exceptional Light Control While Maintaining Elegant Aesthetics.

*Modern Design Philosophy
Brought to Life Through
Louver Innovation*

www.estelladecor.in

Avira collection

Meaning 'heroic' in Sanskrit - represents our commitment to creating louver solutions that rise above ordinary expectations. Each piece embodies strength, elegance, and the courage to redefine architectural possibilities.

Flawless Aesthetics

www.estelladecor.in

Crafted with sustainability and eco friendly design.

**HIGH
STRENGTH**

Engineered with premium-grade sourced material and reinforced structural design, our louvers withstand extreme weather conditions, heavy loads, and daily wear. Superior durability ensures long-lasting performance in demanding commercial and residential applications.

**EASY
MAINTENANCE**

Smooth powder-coated surfaces resist dirt accumulation and require minimal cleaning effort. Simple wipe-down maintenance keeps louvers looking pristine year-round, while corrosion-resistant materials eliminate the need for frequent repairs or replacements.

**THERMAL
RESISTANCE**

Advanced thermal engineering provides exceptional insulation properties, reducing energy costs while maintaining comfortable interior temperatures. Weather-sealed design prevents heat transfer, ensuring optimal climate control in all seasons and environmental conditions.

Water Resistant

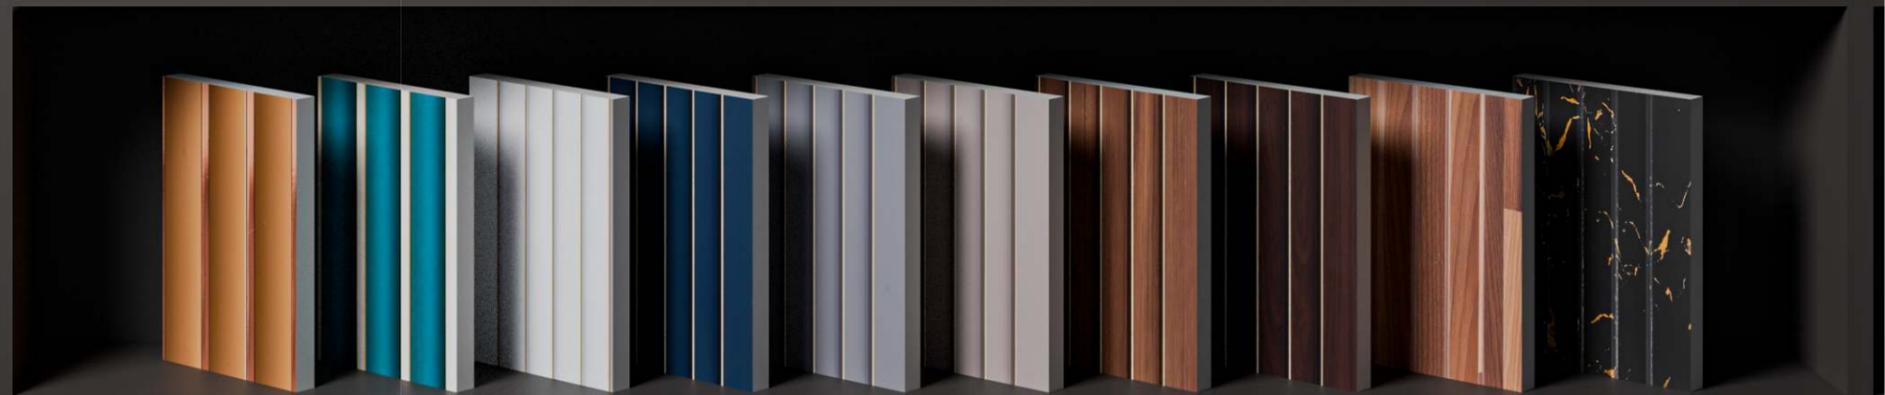

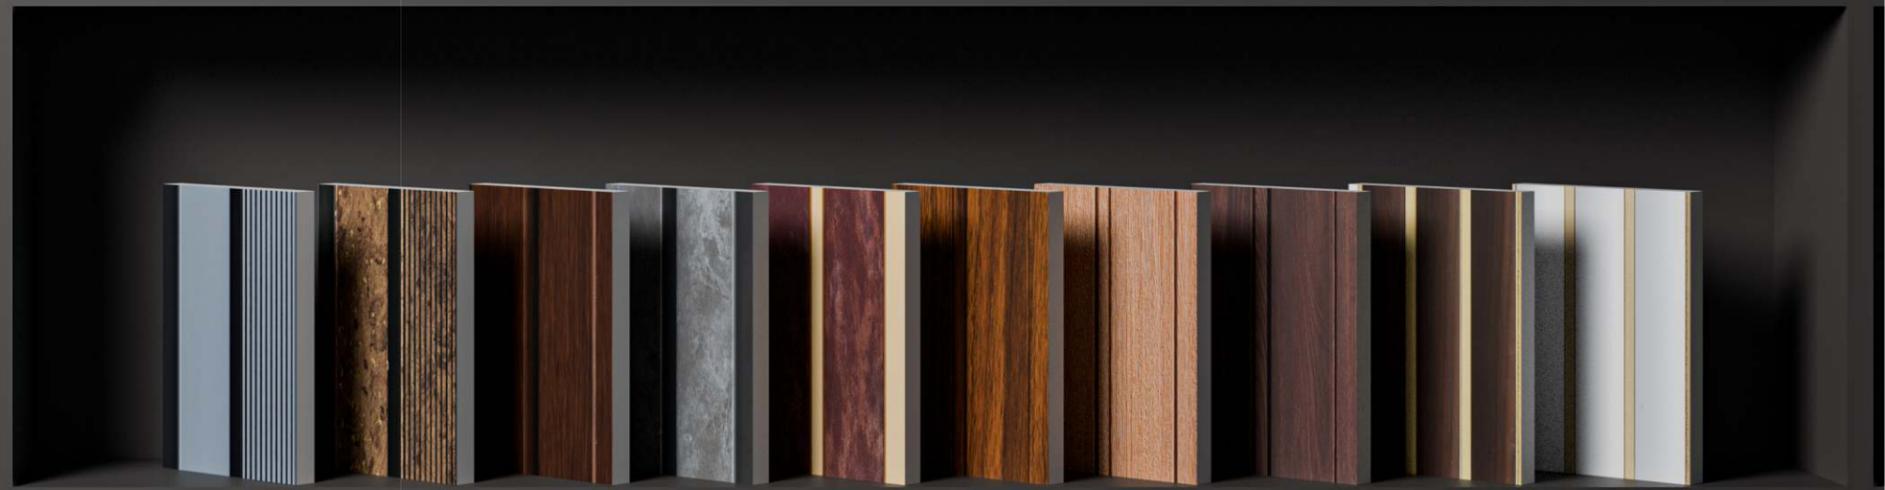

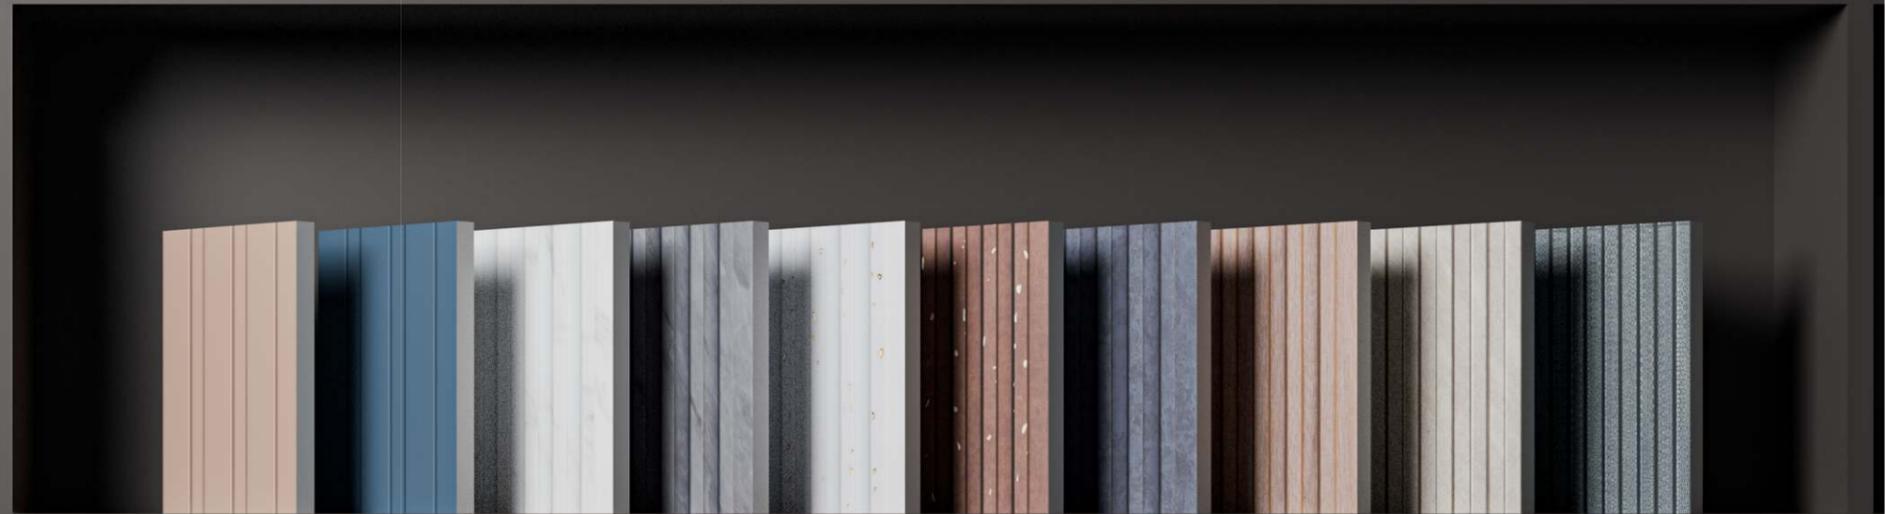

Light Weight

**Termite &
Borer Resistant**
